	Developer super set	https://trailhead.salesforce.com/content/learn/superbadges/superbadge_developer_superset

Note: The learners should complete the developer super set in order to get the certificate.

Guided Projects:

We are also providing access to few real time use cases to help students work on projects to get more practical experience on the concepts leant. Learners can enroll to the additional Guided Projects after completing the Supersets by enrolling on the website directly. This is an optional and does not effect in any way to get the completion certificate. Please find below few references of Projects that you can work on.

Ask a Mentor Sessions

After assigning the projects/Superbadges for the learners, if they face any challenge in the completion of the activities or modules, we organize expert mentoring sessions to address the queries. Learners have a total of 5 mentoring sessions that will be organized throughout the program.

Submissions

Each learner's journey and completion status is tracked through the SmartInternz platform.Learners will be asked to update the status of their work regularly to track their progress and assist accordingly.

Verification

We will verify the progress of each learner on the SmartInternz platform. It is mandatory for all the learners to complete the above prescribed course modules and super badges to fulfill.

Soft Skills Training

After the successful submission of the project/super badge, the Learners will be provided with 10 Hrs of soft skills training sessions to help learners with Interview skills, Profile building and presentation skills etc. This will benefit them during career fairs.

Superset Verification

Here the team will verify the projects/superbadges, which have been assigned to the Learners. This process will start after learning to move the activity cards in the Kanban board to the review section on the Smartinters platform.

Certificate Generation

After successful verification of your project/superbadges by our team, the team will generate the event participation certificate.

Networking Opportunities

After successful completion of the program, the final-year learners who will qualify for the eligibility criteria of the career connection/networking event will be allowed to attend such events subject to the availability of such opportunities.
